Monday 13th July

Dear Parents and Carers

Having come through the strangest five months ever and experienced a very different way of living, our school has continued to support and encourage our children to keep safe, happy and learning. I am truly grateful for all that you as parents and carers have done to support the school and adapt to the extraordinary changes to school life and education.

Our school staff have gone above and beyond to ensure the children keep engaged with school and learning. They have worked hard to support children and reassure them about why so much has changed from what was the 'normal' school day.

Whether your child has been in school or had home learning, you have had to make some difficult decisions. I appreciate how hard these choices have been but be assured the school staff and governors will continue to ensure your child will be as safe as it is possible to be.

We do not know what challenges the future may bring, but by working together we will try to keep everything running as smoothly as we can. We will continue to keep up with any new guidance from government and health experts that apply to schools and education.

So, as we come to the last week of this very strange school year, I would like to reassure you that we will be working together with all the staff to ensure we can continue to provide a safe and happy environment to maintain the high-quality education of our children.

Thank you again for your support, patience and understanding.

Very best regards

Janet Haines
Chair of governors
