

## ENGLISH INTENT STATEMENT

At Oldbrook we have a rich, multi-cultural community and it is the intent as a school for our English curriculum to provide a curriculum that meets the needs of all of our children. It is our intention to develop literacy and language in order to equip each child with the skills to enable them to become active members of society. We will teach the children how important their reading, writing, speaking and listening skills will be to support them in their future ambitions. We want to develop our children's love of reading, writing and discussion, through a wide variety of progressive books for each year. We will develop children's vocabulary and communication skills in order that they communicate with confidence and clarity. We will foster a love and pleasure in reading through providing a rich environment which stimulates and encourages children's reading; they will develop phonic and comprehension skills through systematic phonic teaching that will enable them to read and discuss books with understanding. We want to support our children who write with confidence and accuracy for a variety of purposes and audiences whilst developing their own individual flair and using a neat handwriting style. An English curriculum that promotes and develops the literacy and language skills of all of our children.

## ENGLISH IMPLEMENTATION

The English curriculum aims are embedded across our English lessons and the wider curriculum. We have a rigorous and well organised English curriculum and framework, that provides many purposeful opportunities for reading, writing and phonics. We use the 'Talk for writing' approach along with a wide variety of quality texts and resources to motivate and inspire our children. To ensure that phonics teaching is effective we consistently use Read Write Inc and teachers ensure that children who need extra support and interventions are supported effectively. Teachers promote the love of reading through 1:1 reading sessions, whole class guided reading sessions. New vocabulary is planned for and extended in all lessons across the curriculum. We provide a range of enriching activities including 'Everybody Writes' and 'Book' weeks and trips to the Pantomime. Teachers also ensure that cross curricular links with concurrent topic work are woven into the programme of study.

The implementation and teaching of English is structured around our values, the National curriculum and the Early years Framework. Our aims are embedded across our English lessons and wider curriculum. Provides many purposeful opportunities for reading, writing and discussion. We use a wide variety of quality texts and resources to motivate and inspire our children.

### Speaking and Listening

At Oldbrook First School we continually seek to support and promote children's confidence and competence in spoken language. Fluency in spoken language enables children to express their ideas and feelings through zones of regulation, Talk for Writing and books linked to our daily story time. All adults in school model spoken language and encourage children to speak in full sentences in time.

### Reading

The opportunities, organisation and provision for the teaching and learning of reading are as follows:

- Learning to Read: Through EYFS and Key Stage 1, children are taught to read, following the school phonics reading scheme (Read Write Inc) Comprehension skills are taught through whole class texts and whole class guided reading.
- Independent reading: All children have a variety of opportunities to read during different times of the day. Each class visits the school library to provide an opportunity to change their library on a weekly basis.
- Phonics: Phonics is taught through Read Write Inc, and is taught daily to all children in Oldbrook First School.
- Reading to children: At Oldbrook First School, we continue to make sure we read a story everyday during story time. Teachers and Teaching Assistants support one to one reading. Visitors and Students support Reading for pleasure.
- Reading buddies: Children from all year groups across the school share stories together each week.
- Reading Interventions: Children who may need more support, Teaching Assistants are trained to support children under Read Write Inc Tutoring.
- Vocabulary: Vocabulary is very important to our children and community. In Nursery, children spend time enjoying a story and spending time recapping previous vocabulary. In Reception, children learn 5 words a week through the Drawing Club style. All vocabulary throughout the school is recapped and embedded.
- Weekly library time in school to choose books for pleasure
- Opportunities to visit local MK library

## ENGLISH IMPACT

Children at Oldbrook First School make strong progress in all aspects of English. Children develop a deeper understanding of vocabulary as new words are used in foundation and are then embedded and recalled in year 1 and year 2 through the foundation subjects. Children are exposed to new words every day from Nursery upwards and these words are recalled through the child's years at school. Children have a love for reading and enjoy talking about the books they read. Children at Oldbrook First School can retell stories and adapt the stories to fit an audience. Children can write for different purposes; using a non-fiction skill criteria or persuasive language depending on the audience. Children can use the skills they develop in phonics to publish pieces of writing that fit the purpose and audience. As children follow their learning journey at Oldbrook, they develop confidence to adapt and edit their work. Children develop their skills with comprehension from Nursery onwards, children are asked closed questions to begin with and then move on to open ended questions and learn to use the text as a reference.
